# Program *myKP*

The MyCommunity Fisheries Development Program (*myKP*) is a method of development through a community-based approach implemented by the Department of Fisheries Malaysia in establishing a liaison with the target group. With this *MyKP* program, all the information and programs will be carried out in groups to ensure a more comprehensive impact on the target group.

## Core Activity of *my*KP

Four main core activities of myKP:

**Management of Fisheries  
Resources and Environmental  
Conservation**

**Economics and Strategic  
Partners**

**Monitoring &  
Communication**

**Empowerment of Women and  
Youth**

# Programs and Activities of **myKP**

# **myKomuniti Perikanan (myKP)**

- The MyKP program can be established by targeting group clusters within the fishery industry chain as follows:

## **myKomuniti Perikanan Nelayan Pantai (myKP-np) [Coastal Fishermen]**

myKP-np is comprised of coastal fishermen, especially fishermen and zone A fishermen who will be consolidated according to the fishery base (landing sites). The Head of Fisheries Network (KJP) will be under myKP-np

## **myKomuniti Perikanan Nelayan Darat (myKP-nd) [Inland Fishermen]**

myKP-nd is made up of inland fishermen who will be consolidated on the basis of land fishermen. The head of the Fisheries Network (KJP) will be under myKP-nd.

## **myKomuniti Perikanan Industri Asas Tani (myKP-iat) [Agro-based Industry]**

myKP-iat will consist of fisheries-based product processing operators that will be grouped by region and state. Any development plans and proposals regarding the processing of fishery products will take into account the myKP-iat agreement.

# **myKomuniti Perikanan** (*my***KP**)

## **myKomuniti Perikanan Perikanan Komersial (myKP-pk) [Commercial Fishery]**

myKP-pk consists of commercial fisheries operators, zone B fishermen and zone C that will be consolidated according to the fishery base. The Head of Fisheries Network (KJP) will be under myKP-pk.

## **myKomuniti Perikanan Agropreneur Muda (myKP-am) [Young Entrepreneurs]**

myKP-am will consist of fishermen registered under the Young Agropreneur Development Program (UAM), Department of Fisheries Malaysia. myKP-am will be developed in each state as a medium for the dissemination of information between the department and this young agropreneur fishery community.

## **myKomuniti Perikanan Akuakultur (myKP-akua) [Aquaculture]**

myKP-atua consists of entrepreneurs and breeders in aquaculture in each district for each state. myKP-atua will serve as a medium for the dissemination of information between the department and the aquaculture fishery community.

## **myKomuniti Perikanan Industri Sokongan Perikanan (myKP-isp) [Fishery Support Industry]**

myKP-isp is comprised of fishery support industry operators (ice entrepreneurs, nets suppliers, engines and machinery suppliers, branch suppliers, fishing vessel manufacturers and suppliers of fishing equipment for each state). myKP-isp will serve as the medium of information dissemination between the department and the fishery support industry fishery community.

## **Recreational Fishery and Agro-tourism Programs**

**Tourism and fisheries / agro-tourism have been identified as one of the new sources of wealth in the fishery value chain. To ensure that fishermen benefit from the recreational / agro-tourism fisheries sector, the MyKP base needs to provide visitors and fans of fishing activities. Equipment such as jetties and recreational vessels / vessels need to be developed to meet the needs and convenience of visitors. A special program of recreational / agro-tourism fishing needs to be developed and organized so that myKP members can take the opportunity to generate additional income other than fishing. Development of training programs is organized and developed to generate additional income for myKP members.**

# Formation of *my*KP

## Based on Location

Each *my*KP registered must specify the location of the operation to serve as the center for the planning of community programs and activities. The locations selected should be suitable for the provision of semi-permanent infrastructure of the *my*KP for the convenience of the community and the general public such as *my*KP security cabin, engine workshop, branch workshop, fishing workshop, fishery jetty, Minor One Stop Center (PSM) and other suitable facilities.

### 3. Bilangan Ahli dan Jawatankuasa myKP
